Demonstrators vow to sustain momentum until change happens

By BEN FOX and JEFF AMY

WASHINGTON (AP) — Protesters stirred by the death of George Floyd vowed Friday to turn an extraordinary outpouring of grief into a sustained movement as demonstrations shifted to a calmer, but no less determined, focus on addressing racial injustice.

In Minneapolis, where Floyd died in police custody, the city agreed to ban police chokeholds and require officers to intervene any time they see unauthorized force by another officer. The changes are part of a stipulation between the city and state officials who launched a civil rights investigation into Floyd's death. The City Council was expected to approve the agreement, which will be enforceable in court, later Friday.

By early afternoon, demonstrations resumed for an 11th day around the country with continued momentum as the mood of the protests largely shifted from explosive anger to more peaceful calls for change. Despite the change in tone, the country's most significant demonstrations in a half-century — rivaling those during the civil rights and Vietnam War eras — showed no signs of dissipating.

Marisol Lopez-Tromp: 'Mi ta un minister valido'

ORANJESTAD – Ayera e matrimonio politico cu e mandatario, Marisol Lopez-Tromp a mantene cu partido POR pa tres aña largo, a conoce un divorcio sorpresivo p'e.

Unabes cu e minister a sali for di un reunion di tres ora cu Gobernador di Aruba, el a duna algun comentario riba e decision cu e lider nobo di POR, Andin Bikker, a haci pa e mandatario entrega su cartera mas tarda dialuna 10:30 di mainta.

Ainda e no a dicidi si lo entrega su cartera dialuna, manera lider nobo di POR a exigi for di dje. Tampoco el a bisa cu no a ricibi un carta oficial di e partido exigiendo su renuncia y entrega di su cartera como minister. Lopez-Tromp ta pendiente di e proximo desaroyo, el a priminti cu lo bini cu un conferencia, unda e lo aborda diferente topiconan relaciona cu e motibonan cu e lider di POR a trece dilanti pa pidi su renuncia.

Mesora cu e decision di POR a cay, prensa tabata pendiente pa busca e version di minister Lopez-Tromp den henter asunto aki. Na e momento ey e mandatario tabata atendiendo un reunion di Conseho di Minister. Prensa a puntr'e riba e respaldo cu nan coleganan a yega di expresa, pero el a abstene di duna informacion riba e contenido di e reunion aki.

Durante Lopez-Tromp su recorido for di bestuurskantoor pa gabinete di Gobernador, el a bisa brevemente: "Mi ta un minister valido." Ademas el a wordo nombra a base di ley, y cu e ta sirbiendo como mandatario na interes di pais.

El a bisa cu e decision di partido POR tabata un sorpresa p'e. "Mi ta sumamente sorprendi y tambe babuca pa e cosnan cu a wordo treci pa dilanti riba mi persona,"" el a bisa. Pero particularmente pa e motibonan duna pa Bikker pa e retir'e como minister. Un di nan tin di haci cu e prohibicion di entrada di ATV y UTV pa Parke Arikok. Y otro riba maneho na Serlimar. El a bisa cu Parke Arikok mes ta dicidi ken ta drenta, ken por sali y e maneho cu tin. Mientras cu Serlimar ta un compania Sui Generis cu nan ta trahando pa rescata.

Durante un conferencia di prensa improvisa dilanti di gabinete di gobernador, e mandatario a bisa prensa cu diahuebs ultimo el a bay atende un invitacion di Parlamento, unda el a contesta preguntanan y caminda el a duna un splicacion tambe, hunto cu directiva di Serlimar, tocante e parti financiero di e empresa aki. Den e reunion interno den parlamento tocante Serlimar, el a duna loke 'mi mester duna' na un di e organonan mas halto di nos pais. E tabata un reunion na porta cera, unda el a duna informacion interno di e compania.

Lopez-Tromp a laga sa cu e no ta reconoce e motibonan di e acusacion cu a wordo treci riba su persona. Muy particularmente riba fecha di ayera, conoci como Dia Internacional di Medio Ambiente. Den cuadro di esaki, un di argumento duna pa e lider di POR pa Lopez-Tromp entrega su cartera, tin di haci cu e compania en cuestion y su board ta esunnan cu ta dicidi. El a splica cu Serlimar ta un Sui Generis, y no un departamento, caminda como minister e ta dicidi ken ta pone y ken ta kita. Ta e directiva di e compania esun cu ta dicidi pa susseance van betaling

E mandatario a declara cu tur hende sa cu el a hereda un situacion caminda e compania estatal aki ta tecnicamente failliet. El argumenta cu como minister, e ta luchando tur dia pa trata di rescat'e. Mientras –segun e mandatario– e ta bin wak cu esaki ta un di e motibonan pa lider di POR bisa cu e mester baha como minister.

Tampoco e no ta kere cu ta un motibo valido pa e baha como minister, ya cu e ta un 'persona no comunicabel'. E ta haya cu tal argumento no ta corecto, ya cu e tin contacto cu hopi hende, uzando diferente forma di comunicacion. El a reitera cu e argumentonan cu a wordo treci pa dilanti, pa renuncia como minister, no tin base.

El a bisa cu como minister esun cu e mester duna cuenta ta parlamento di Aruba na prome luga. Actualmente e ta minister y parlamento ta e organo mas halto di nos pais. Parlamento ta esun pa medio di un mocion di desconfiansa ta dicidi riba su posicion. Pero tambe riba maneho di gobierno. Lopez-Tromp ta sinti cu tur e tempo cu a pasa, loke e ta bin ehecuta ta e responsabilidad y metanan cu gabinete Wever-Croes a stipula pa den su caso e ta ehecuta como minister di Infrastructura, Planificacion y Medio Ambiente.

Minister Rudy Lampe:

RED no tin problema pa Marisol sigui como minister

ORANJESTAD – Ayera hopi tabata e comentario riba con stabiel gobierno di coalicion (MEP-POR-RED) ta, despues cu a wordo conoci cu den nomber di POR, lider nobo di partido y minister actual di gabinete Wever-Croes, Andin Bikker a pidi renuncia di minister Marisol Lopez-Tromp.

E prome cu a bin cu un declaracion cortico riba situacion interno di gabinete actual tabata prome minister, Evelyn Wever-Croes, kende a trece dilanti cu situacion di partido POR no ta afecta stabilidad politico di gobierno.

Na final di un reunion di conseho di minister y probechando cu minister Rudy Lampe (RED) a bay lunch, prensa a puntr'e riba situacion di gobierno, si e ta tambalia si of no. Lampe a bisa cu absoluto trankilidad cu e gobierno di coalicion ta stabiel. Tambe el a laga sa cu di parti di partido RED nan ta sostene e mandatario Lopez-Tromp. "Nos no tin niun problema pa colega Marisol sigui como minister."

Lampe a relaciona e situacion cu a surgi cu e mandatario Lopez-Tromp manera cu den tur famia tin diferencia di opinion. "Te hasta por surgi den e miho famia por tin pleito den cas." Pero esey no kiermen cu e cas ta bay for di otro, el a bisa. E no por papia di otro partido den coalicion, pero di nan banda –segun minister Lampe– nan ta 'contento cu nos colega Marisol'.

Igualmente el a aclaria cu e presencia ayera mainta di lider di RED, Ricardo Croes, na bestuurskantoor tabata pa atende algo totalmente diferente. Pero e no tin nada di haci cu e situacion cu a surgi cu Lopez-Tromp, na momento cu su mesun partido pa pidi pa e entrega su cartera.

Partido POR pa minister Marisol Lopez-Tromp:

'Su posicion como minister a bira insostenibel'

ORANJESTAD – Ayera den oranan di mainta, minister di Husticia, Andin Bikker hunto cu e parlamentarionan Dellanire Maduro y Alan Howell di partido POR a ofrece un conferencia di prensa extraordinario pa medionan di comunicacion local, pa informa cu partido a solicita e retiro di minister di Infrastructura, Medio Ambiente y Desaroyo Teritorial Marisol Lopez-Tromp.

Asina a duna di conoce Bikker na mesun momento cu el a manifesta cu desde cu e partido a apunta Lopez-Tromp pa e cartera di Infrastructura, 'nos a ripara cu e a scoge pa ta individualista'. "No tin comunicacion cu fraccion ni cu partido y mi persona como mediador a haci hopi esfuerso pa mehora e comunicacion cu e partido y cu fraccion pa recorda e persona cu nos ta biba den un democracia parlamentario", Bikker a señala.

Bikker a declara cu a manda un carta pa Lopez-Tromp cual ta bisa cu considerando cu su persona ta representa y sosteni pa fraccion di POR, el a opta pa no tin comunicacion cu e partido entre otro motibonan y cu e pais ta pasando pa momentonan dificil debi na e crisis di Covid-19. Sinembargo el a tuma decisionnan cu tabata contrario na e maneho, exponiendo pais Aruba den decisionnan innecesario den corte y poniendo varios trahado den incertidumbre pa cu siguridad laboral. Te hasta haci presion pa compania Sui Generis Serlimar, asina tambe su persona no a pidi conseho di departamento huridico of Ministerio di Husticia. Tambe den e carta ta specifica cu partido a pidi Lopez-Tromp pa duna un splicacion, pero segun el a prefera pa no tin dialogo y a scoge pa neglisha varios invitacion, como si fuera cu e ta un mandatario soberano y cu no ta existi democracia parlamentario.

E carta a sigui specificando cu nan no ta haya un speransa pa cambio y comunicacion cu e partido POR y cu den e situacion actual, tumando den cuenta e constitucion y historia democratico parlamentario, nan a haci un mocion di lamento, desaprobacion y desconfiansa cu no por wordo exclui. Pues su posicion como minister cu ta representa partido POR a bira completamente insostenibel.

Pa via di esaki nan a solicita pa Lopez-Tromp, di e mesun forma cu a wordo nombra como minister di partido POR, pa pone su posicion como minister na disposicion lo mas pronto cu ta posibel, en todo caso no mas laat cu dialuna awor 8 di juni pa 10.30 di mainta. Ademas tambe a pidi pa no tuma ningun decision den su capacidad como minister cu por tin consecuencianan grandi pa pais Aruba.

Despues di lesa e carta, Bikker a informa cu e ex-mandatario Otmar Oduber a informa e partido cu e ta bay bek den sector priva. Manera a keda conoci pa varios luna caba cu e no lo ta politico mas pa diferente motibonan, entre un di nan su salud.

Bikker a aclaria cu Oduber no tin e intencion pa bay bek den ningun funcion den partido ni como minister. Di loke ta trata ken ta bay reemplasa Lopez-Tromp como minister, esaki lo ta un decision cu partido tin cu bay dicidi riba dje. Pero a insisti cu e intencion no ta pa Oduber bin bek como minister, te na e momentonan aki nan ta atende cu e decision cu nan a tuma.

"Den politica bo tin cu tuma decisionnan y tin biaha cu ta decisionnan hopi fastioso y dificil", Bikker a manifesta.

Tambe, Bikker a sigura cu nan no ta move pa interesnan particular, nan a goberna hunto, campaña cu mandato di pueblo. Pero mester tin disciplina di partido y na momento cu ta haya un minister cu ta tuma decisionnan riba su mes, esey ta afecta e mercado laboral y cu no ta consulta cu ni un hende ni cu fraccion. Pa sistema parlamentario ta funciona mester tin confiansa di e fraccion; den caso aki e no tabata consulta pa lunanan caba y esey ta e hecho.

Un di e decisionnan cu Bikker a referi pa partido duna un mocion di desconfiansa pa Lopez-Tromp ta esun di prohibicion di entrada di ATV y UTV pa Parke Arikok. Pa cu esaki Bikker a sigura cu esey tabata un poder cu ta atribui pa su persona como minister di Husticia y cu Lopez-Tromp no por tuma decisionnan riba e tipo aki.

Di esaki, el a comenta cu nan a tene reunionnan di compania operador di tour cu aproximadamente 600 cupo di trabou cu ta na peliger den crisis aki di Covid-19. Di loke ta trata Serlimar, Bikker a referi cu Lopez-Tromp a crea un precedente hopi peligroso.

Pa finalisa, Bikker a trece dilanti cu nan lo warda te dialuna awor pa wak kico lo pasa y ki decision lo mester tuma.

Prome minister Evelyn Wever-Croes tocante declaracion di partido POR:

'Aruba mester un gobierno stabiel pa atende cu crisis'

ORANJESTAD – Despues di un conferencia di prensa di partido POR, cual a causa masha polemica mirando cu a declara cu tin desconfiansa den nan propio minister, Marisol Lopez-Tromp, prome minister Evelyn-Wever Croes a duna un comentario cortico al respecto.

"Den nomber di gobierno di Aruba, mi por bisa cu esaki ta un asunto interno di partido POR, y mi a pidi nan pa atende esaki internamente, na forma respetuoso y amicalmente", Wever-Croes a declara. "Aruba ta den un crisis hopi serio aworaki, y mester di atencion di nos tur. Aruba mester un gobierno stabiel pa por atende cu e crisis."

El a destaca sinembargo cu e problema den partido POR no lo afecta gobierno, sinembargo, el a reitera cu na e momentonan aki, Aruba mester di un gobierno stabiel y di trankilidad pa por maneha e crisis y e fasenan di reapertura di actividad economico. "E discusionnan interno aki den partido POR no ta afecta stabilidad di gobierno, nan ta asuntonan interno di partido POR. Pero na e momentonan aki nos mester di trankilidad pa nos por atende cu tur e crisis cu tin na Aruba awor."

Entrevista cu comerciante Frank Tieleman

Pueblo mester por cuminsa participa den economia local

ORANJESTAD – Durante e ultimo añanan, e comerciantenan den caya principal a resulta sistematicamente afecta pa falta di actividad den nan negoshi. Un di nan ta e comerciante Frank Tieleman.

Diferente esfuerso a wordo haci pa reactiva nan comercio y recobra e splendor di antes. Pero nan no a resulta nada facil ni efectivo den e area importante y bunita aki, situa den pleno curason di Oranjestad. Mas bien nan a bira remedinan paleativo cu ainda no ta alivia nan preocupacion.

Na momento cu e pandemia di coronavirus/Covid-19 a haci su presencia na Aruba, e virus aki a bira un golpi duro pa tur comerciante di nos isla. Pero e comerciantenan di caya principal cu ainda no a logra recupera di e situacion dificil cu nan ta pasando aden durante e ultimo añanan, a sufri un dobel golpi.

E medidanan efectivo introduci pa combati cu e virus por a plama masivamente riba nos isla, a haci cu e area aki a bira mas solitario cu nunca. Pero awor cu nos a drenta e fase 3 pa reactiva nos economia gradualmente, un biaha mas nos por mira cu establecimento comercial den caya principal ta habri bek cu un speransa nobo, entre nan pacus, barbershop y coffee. Pero apenas e proceso nobo aki ta cuminsa cu un dobel esfuerso pa nan: No solamente pa sigui atrae mas cliente potencial den caya. Sino cu e clientenan aki por haya e confiansa di sinti nan mes safe pa bay bishita nos caya principal.

Durante un entrevista cu Bon Dia Aruba, comerciante Frank Tieleman kende a yega di forma parti di directiva di e ex-asociacion di comerciantenan di caya grandi conoci como MAMBO, a bisa cu debi na e situacion dificil di e crisis di Covid, nan a bay na cero actividad economico.

E ta reconoce cu ta un golpi duro pa negoshinan den general na Aruba. Mayoria actividad comercial considera no esencial, mester a cera. Pero nan tabata medidanan di salubridad publico necesario. Di un banda –segun Tieleman– tur hende ta compronde e riesgonan di e Covid-19. Sinembargo no ta facil pa logra un balans entre e parti di salubridad y otro parti di actividad economico. No solo den caya principal, sino di tur sector di nos economia. E sectornan aki, cu ta e musculo di nos economia, no mester sinti nan mes asina preta cu no por habri mas. E ora ey nos ta confronta otro problema di un magnitud grandi tambe.

A pesar di e panorama aki, e comerciante Tieleman ta mantene su mes positivo. Te hasta e tin algun proyecto den mente cu lo kier bira realidad den futuro. E situacion cu nos ta confronta no ta uno facil, pero e tin speransa cu poco poco nos ta sali afo, y cu economia ta bay reactiva bek. Awor cu e fase 3 a drenta na vigor, Tieleman por wak cu e comerciantenan ta cuminsa habri bek y cu poco poco tin presencia di hendenan den caya principal. E por wak refleha esaki cerca su clientenan na Coffee Break, cu ta sinti e confiansa bek di disfruta di un koffie den caya. E dos prome cliente cu a bishita su negoshi tabata un pareha 60+ .

Durante e fase 2 manera otro tipo di negoshi, nan a cuminsa ofrece nan servicio cu cierto limitacion. Esta considerando e protocolnan cu a wordo introduci y reglanan di higiena y distanciamento social exigi pa DVG. Nan a cuminsa ofrece su koffie pa take out of nan cliente por consumi pafo den nan terasa. Pero awor cu fase 3 a cuminsa e siman aki, nan clientenan por sinta paden tambe, pero cumpliendo cu protocol. "E pueblo mester tin e confiansa cu e comercio ta duna nan parti di tene na mes na regla."

Na final, Tieleman ta haya cu pueblo mester por cuminsa participa den economia local cu ta habriendo bek. Pasobra esaki ta e motibo cu a cuminsa habri gradualmente pa economia local cuminsa draai, ya cu actualmente Aruba ta safe contra e virus. Pero si e consumido no ta cumpra, basicamente nos ta den e mesun posicion.

Prome Minister Evelyn Wever-Croes:

'Mi ta preocupa un biaha mas'

ORANJESTAD – Durante conferencia di prensa di gobierno ayera nochi, prome minister Evelyn Wever-Croes a duna comentario tocante e situacion actual di Aruba relaciona cu reapertura di nos economia.

Despues di un luna sin caso nobo di COVID-19 na Aruba, nos ta drentando den un weekend den cual Wever-Croes a expresa: "Nos ta mira cuanto movemento y actividad tin riba caya, cu happy hour, cu hopi bebemento, mi ta preocupa un biaha mas."

El a bisa cu fin di siman pasa, como comunidad a tuma nota di comportamento y accionnan cu no ta bon y cu no ta yuda den e crisis actual. "Mi ta spera cu e weekend aki no ta mescos."

Ademas, Wever-Croes a introduci un adres di e-mail nobo, pa ciudadanonan por duna keho tocante normal nobo, den caso cu algun negoshi of persona no ta cumpli. Esaki ta: cumpli@crisis.aw. Riba e e-mail aki por entrega keho den caso cu tin negoshi cu no ta cumpli cu higiena of distanciamento social, y e casonan lo ser atendi.

Enseñansa

Wever-Croes tambe a haci referencia na enseñansa y e normal nobo. El a cuminsa bisando cu na momento cu a tuma e decision pa permiti tur scol habri bek, den e fase 3 actual, nan a tene consideracion cu bienestar, salud, proteccion y seguridad di docente. Segun Wever-Croes, un punto cu a trece hopi preocupacion ta e varios cambio den algun scol. A pone mas atencion na aspectonan financiero di Enseñansa, pa usa e finanzas limita den un forma mas eficiente, resultando den cambio den organo di DPS. Minister di Enseñansa, Armando 'Rudy' Lampe ta bezig cu cambionan den organisacion den cual ta involucrando tur personal, segun Wever-Croes.

El a declara cu tambe tabatin cambio den Fontein Kleuterschool y Colegio Hilario Angela, cual ta scolnan publico y lo keda scolnan publico. Sinembargo lo pasa na un otro sistema di educacion, esta e renombra sistema Montessori. Tambe Scol Paso pa Futuro y Emmaschool, cu a bisa cu lo pone nan hunto, no a resulta asina sino lo keda separa y dunando e mesun servicio. El a menciona varios scol MAVO, di cual tur ta bay keda scol publico. "Abraham DeVeer school no ta cay bou SVOA, y Colegio San Nicolas no ta bay den Schakel", pero esaki ta conta pa e proximo 12 luna, den cual segun Wever-Croes lo tin dialogo y evaluacion pa determina kico lo ta e futuro a largo plaso di e scolnan. Igual 'EPI no lo cay den EPB' ainda. Pa cu Colegio Playa, Wever-Croes a bisa cu nan ta purbando intermedia.

Pa finalisa, el a bisa cu ta trahando pa mehora comunicacion den enseñansa, y esey ta e motibo cu a menciona e situacion di Enseñansa den e conferencia di prensa.

POR a pone su mes...

Entre espada y pared...

Ora nos a kere cu henter e lunanan aki cera paden tabata suficiente tortura, ata nos mester dedica atencion na un conflicto interno, cu ta parce di por tin consecuencia serio pa e gabinete aki. Ya e no ta un conflicto interno, sino e ministro concerni no a pasa tanto ora sinta cerca Gobernador ayera. Esey ta un señal cla cu nos ta dilanti un situacion politico dificil, na un momento cu e gabinete aki lo mester tin 100% di su atencion pa e problemanan cu e crisis di salud y principalmente economico ta pone nos dilanti.

Pero enfin, ora hende ta pleita masha facil esaki por bay mas leu cu loke ta sano, sigur pa nos, pero esey no ta parce di ta e consideracion. Di banda di esnan cu ta exigiendo salida di e ministro nos ta tende cu entre otro e asunto di Serlimar lo ta e problema. Esaki por ta e caso, pero tin algun cos cu no ta bira mas transparente. Ta pleita tocante esaki, si tabata bon of no pa subi e caminda di 'surseance van betaling' cu por termina den un bancarota si e empresa no logra restructura su mes y su debenan. Y kico ta e gran ausente den henter e asunto? E pregunta pakico Serlimar no tin placa y ta biba di subsidio di gobierno pa varios aña caba, sin haci loke ta necesario pa sobrevivi: percura pa Aruba cuminsa paga! Ban ta honesto: e gran mayoria di Aruba, di nos anto, no ta paga Serlimar! Bin busca e placa ey, pero no na manera cu POR kier hacie, creando nan propio base di dato pa usa den campaña. Duna e cos aki den man di WEB y laga cobra esaki hunto cu recibo di awa, punto.

Pero tin mas cos cu ta hunga un papel, si nos por kere loke nos ta tende y lesa. E maneho encuanto e prohibicion di tur ATV y UTV den Parke Nacional Arikok lo a cay den mal tera, pasobra lo tabata traha riba un solucion pa e empresanan cu gana placa cu esaki, pero ta destruyendo naturalesa paden y pafor di e Parke. Por ta cu e solucion pa para entrada na e Parke completamente ta zona bastante radical, pero 'habri man laga bay' na e momento aki tampoco ta parce nos un opcion razonable. Tur hende cu dos placa di tino y cu ta cana wowo habri por mira e destruccion cu ta tumando lugar riba nos isla. A lo largo esaki ta destrui tambe e pan di e mesun empresanan aki tambe, pero ta parce dificil pa nan comprende esey, anto e ora otro hende lo mester bisa nan. Y esey lo mester ta e mandatario, cu nos ta paga pa haci esey.

En todo caso, ta parce cu e caha di Pandora a habri caba, y e oponentenan den e caso aki a tuma nan posicion, excluyendo asina un posible solucion negocia. Y si dentro di un partido no tin voluntad ni tactica pa negocia, anto e pregunta ta con ta haci esey cu otronan cu no ta di e partido. Lamentablemente, e no ta un asunto interno mas. Ora un partido pidi su propio ministro pa baha, e por haci esaki si e ta di acuerdo. Den e caso aki e no ta asina y e no ta mira motibo pa haci esey. Anto e ta bira un asunto pa parlamento, unda no sin mas e partido concerni por conta cu un mayoria pa logra salida di e ministro. Si esey resulta asina, anto ta keda e partido un arma so y esey ta pa kibra e gabinete. Esey ta un decision mas dificil pa tuma ainda, pasobra e ora ta tumba un gobierno, sin cu sikiera oposicion a pasa eybanda, anto e partido ta tuma un responsabilidad hopi grandi pa su cuenta, cu por tin consecuencia desastroso pa nan mes den un eventual eleccion, unda nan lo carga culpa pa baha un gobierno den pleno crisis. Anto esey pa un partido cu a haya golpi caba den ultimo eleccion unda no a haya ni remotamente e cantidad proyecta di voto.

Sin embargo, busca un salida negocia, unda ta bandona e idea di un mocion di desconfianza, no por ta otro cu pone e partido y su actual lider den un posicion di debilidad, unda a purba imita un leon y finalmente a sali un gatito manso. Den politica e tipo di actuacion aki ta mortal den vista di pueblo. Cu esaki, e partido a maniobra su mes den un posicion imposible, 'entre la espada y la pared' manera esnan di habla hispana ta bisa, anto esey completamente voluntario... Tur decision practicamente desde e momento aki, ta resulta negativo pa e partido.

Pa e ministro sali di e partido y keda como ministro, ta un posibilidad teorico cu no ta parce asina viable. Pa esey e emocionnan ta parce di a bay demasiado halto caba y e partido no lo acepta esey. Y logra cu e otro partidonan den e coalicion ta aproba retiro di e ministro, sea den conseho di ministro o den parlamento, ta parce un posibilidad remoto. Sali di e impasse aki significa scoge entre mal opcion cu nan mes a crea.

Mexico indigna pa morto di homber bao custodia policial

CIUDAD DE MEXICO (Univision/LaRazon) – Autoridadnan di Mexico ta investiga como un homicidio e morto di un hoben aresta pa polisnan na estado di Jalisco, supuestamente pa no usa mondkapje riba caya durante e pandemia. E dia despues, ora e tabata sigui den custodia, a fayece den un hospital.

Su cadaver a presenta señalnan di tortura y, segun denuncianan di su famia, tabatin incluso un tiro na su pia banda links.

Giovanni López, un trahado di construccion di 30 aña di edad, a sali cu dos familiar pa come dia 4 di mei den oranan di anochi den su comunidad, Ixtlahuacán de los Membrillos, sur di Guadalajara, ora el a wordo deteni pa varios agente municipal. Nan a reporta cu esaki tabata debi na un 'falta administrativo' pa su agresividad riba caminda publico. Pero den un video cu a wordo publica den rednan social, por scucha un version hopi distinto.

"Yuda mi", Lopez ta pidi mientras ta bringa cu tres polis cu tabata purba di hink'e den e parti patras di e patruya. Su familiarnan a pidi varios biaha pa lag'e liber, pero esey no a sucede.

Un di e polis a splica di manera cortico cu nan a deten'e pasobra "el a pone resistencia" y otro a sigura cu "el a bin riba mi pa dal mi".

E anochi siguiente, Lopez a wordo declara morto na Hospital Civil di Guadalajara, un hecho cu e gobierno di Jalisco a cataloga como "un asunto penoso" cu nan ta investiga "na fondo".

Su ruman homber, Christian Lopez a afirma cu su acta di fayecimento a precisa cu el a fayece cu traumatismo den su celebro, kiermen, pa un lesion celebral grave. Tambe a denuncia cu e cadaver tabatin señalnan di tortura y un buraco, supuestamente pa un tiro, cu el a ricibi na su pia links.

Di acuerdo cu e fiscal di Jalisco, Gerardo Solís, e versionnan di e agentenan implica den e morto no ta coincidi cu loke e investigacion di e Fiscalia estatal a duna di conoce. El a señala cu e mesun polisnan, ken te diaranson ultimo tabata patruya e cayanan di Ixtlahuacán de los Membrillos, ta bao observacion di autoridadnan pa 'por lo menos' otro dos acusacion grave.

Den total, ta casi 20.000 muestra di prueba molecular (PCR) cu 88 establecimento priva a remiti pa Instituto Nacional di Salud (INS) pa su procesamento gratis, despues di cobra supuestamente pa pashentnan como si e clinica mes a haci e analisis.

Aunke a recorda cu den caso aki no por impone un control di prijs pa servicionan cu e clinicanan priva ta haci, SuSalud a remarca cu nan no por ta negativo pa e moral, salud y siguridad publico, 'specialmente den temponan di crisis sanitario mundial aki den cual e ciudadanonan ta espera un comportacion etico'.

E iregularidad a wordo adverti diaranson ultimo pa Contraloria General di Republica, den un informe di control despues di solicita pa 18 establecimento di salud priva e informacion tocante structura di costo den relacion pa e cobro di servicio pa e prueba molecular pa su pashentnan.

Gregorio Wolff :

‘Notanan critico di e relacion Aruba – Hulanda’ (parti 2)

Turismo a haci dañonan grandi, igualmente entrada fuerte di corupcion.

E pensamento robes pa Aruba perde su autonomia y bira un gemeente di Hulanda ta sali for di mente di hendenan cu no sa kico Aruba a pasa aden e ultimo 200 añanan, ni tampoco kier sigui cu e lucha di 200 aña di Arubianonan pa hiba nos pais dilanti.
Pero ta bon pa analisa e fayonan den mente di e Arubianonan ey, cu awe den un pandemia ta pensa asina. Tambe otro puntonan pa nan postura. Mi ta trece 4 punto.

Prome, Turismo a haci hopi daño na e ser Arubiano, na nos cultura, nos moral, nos medio ambiente y hopi otro dañonan. Awe durante un pandemia hopi ta esnan cu ta pensa solamente con pa mantene nan estilo di biba, sin entrega nada.

Pa nan e caminda facil ta pa Hulanda tuma over, keriendo cu nan ta mantene nan status.

Di Dos, otro pensamento, pa hopi Arubiano, Hulanda ta un bon colonisado, den e sentido di e palabra “colonisa”, esta nan ta pensa manera e colonisado a pone nan pensa. Nan a bira mescos cu e puyito, ta bao di e hala di e mama (Hulanda) nan ta sinti nan mes sigur.

Di tres, corupcion den sector priva y mas den gobernacion, e negoshi di droga, tur durante Status Aparte, a haci nan entrada fuerte na Aruba. Maske esnan consciente sa, cu na Hulanda cu tur su casonan di corupcion y nan economia di droga, e situacion ta pio

Di cuater punto pa menciona ta e forsa mediatico di Hulandesnan ultimo tempo pa purba di desacredita e islanan den Caribe. Sigur hopi Hulandesnan, kendenan a bin biba ultimo tempo den Caribe of tin un vakantie-huis aki banda, kendenan sin escrupulo ta mete den e discusion na fabor di Hulanda.

Si yega asina leu y Aruba bira gemeente, Hulanda lo haci y deshaci. Nan lema ta “wie betaalt, bepaalt. Ayo Arubianismo.
Ta bon pa wak awe, e situacion na Bonaire, unda hopi ta yora malay y tambe con Hulanda den EU a yuda torpedia e peticionnan di ayudo di Italia y Spaña, e dos paisnan di EU cual nan a wordo asota mas fuerte door di covid19.

Di ERNA (Eilandenregeling) di 1951, pa statuut na 1955 y final nos Status Aparte na 1986.
E mesun desaroyo economico y social grandi for di e añanan 20 a sigui na Aruba, maske ariba tereno politico tabatin algun cambio. Cu e desaster na Zeeland, Hulanda na 1953, tabatin hopi conmovecion di Aruba cu Hulanda. Aruba a duna ayudo grandemente y necesariamente ya cu Aruba tabata pasando den un era di gloria cu mas di 8 mil trahado ariba tereno di Lago cu sueldonan halto compara cu hopi parti di mundo e tempo ey. Hopi Arubiano cu pensamento no-correcto y no-decente ta treciendo e ayudo aki bek y bisa cu awor Hulanda mester yuda Aruba. Un pensamento feu, mahos, corupto y anti-Arubiano. Bo no ta duna algo pa haya algo bek.

Hulanda ta sigui ausente den e desaroyo economico na Aruba.
Hasta pa gran parti den enseñanza na Aruba, na inicio a wordo lanta y yuda door di clero Hulandes, Catoliconan cu Frèrenan y Surnan, Protestantnan cu nan lidernan, uzando si e sistema Hulandes den enseñanza, pa cual nos ta agradecido. Gobierno Hulandes a duna su apoyo pero na escala chikito.

Den e añanan 60 y 70 di siglo pasa a bini cambionan y gobierno Hulandes a cuminsa mete mas y mas cu Aruba. Nos a siña conoce e ontwikkelingshulp, cual pa mayoria parti tabata y ta ainda prestamonan cu nos mester paga bek, hopi biaha cu interes halto. Tambe tabatin donacionnan pa proyectonan cu Hulandesnan tabata dicidi cual si y cual no. Den e periodo aki a inicia e lucha na Aruba pa mas autonomia cual a culmina den Status Aparte na 1986.

E desaroyo turistico grandisimo na Aruba cu Aruba a conoce den Status Aparte, atrobe por bisa cu e presencia di Hulanda no tabata cos di Gaba. Pero si e metemento di Hulanda den otro asuntonan na Aruba a bira mas fuerte.

Benny Nisbet (PPA):

'Con por permiti un crisis interno politico memey di un crisis di tanto e megadebe como coronacrisis?'

ORANJESTAD - Ta hopi tristo cu mientras cu Gobierno tin cu 'deal' cu e 'Megadebe combina cu e Coronacrisis' unda lo tin 37.000 trahado sin trabou y un par di mil negoshi sin entrada cu ta permiti un lucha pa poder interno den un di e partidonan politico cu ta forma e actual coalicion cu ta sostene Gabinete Wever Croes.

Gobierno di Aruba ta den proceso di cumpli cu condicionnan cu nan a acepta cu Hulanda a pone riba Aruba. Y hunto cu tur esaki nos gobierno ta guiando e proceso pa lanta nos economia Arubano back combina cu diversifica nos economia.

Cu otro palabra Aruba ta den un crisis yama bisto!

Pa colmo mientras cu Aruba lo mester ta prepara pa sigui negocia y cuida' interes Arubano' basa riba articulo 36 di Statuut den e futuro nos dilanti!

PPA ta hanjele hopi tristo cu memey di e crisis di mas profundo cu Aruba tin un coalicion cu ta forma pa tres partido politico cu ta sostene e gobernacion aki !

Nos ta hopi decepciona cu memey di un crisis asina grandi un di e organisacion politico aki esta POR por permiti nan mes un crisis politico asina. Cu den curso di tempo tur partido politico a conoce crisis politico interno ta un hecho!!

Pero cu ta permiti esaki sali for di man anto 'memey' di e crisis di tanto e megadebe como e Coronacrisis/Covid 19 pa PPA ta un decepcion grandi y nos ta convenci cu un bon parti di pueblo lo comparti nos opinion.

Con esaki lo desaroya su mes ta keda na tanto e partido POR como e tres organisacion politico cu ta forma e actual gobernacion Arubano.

PPA for di oposicion di pafo di parlamento ta sinti nos deber pa mustra riba e interes Arubano na tur momento esta e Mega debe, e consecuencianan di e Coronacrisis y e 37.000 Arubano sin entrada y e miles di negoshi sin entrada por lo pronto. Y pa nos no lubida e guia pa lanta nos economia y diversifica esaki..

Tanto partido P.O.R como esnan cu ta forma e actual coalicion lo mester tene cuenta bon cu interes Arubiano na prome luga y duna nan prioridad enbes di un lucha pa poder politico interno den un di e organisacionnan aki.

Parlamentario Endy Croes (MEP):

'Think Tank pa restart economia di Aruba ta consisti di 3 comision'

ORANJESTAD - Parlamentario Endy Croes ta amplia riba e reunion publico cual a tuma luga diaranson. Parlamento a invita Minister di Finanas Economia y Cultura Xiomara Maduro pa trata entre otro liquiditeit steun cu Hulanda a ofrece e islanan pa cu corona virus. Berdad e crisis aki a dal mundo henter pero islanan manera Aruba cu ta depende practicamente di turismo a wordo afecta mucho mas fuerte cu paisnan grandi cu tin mas pilar economico y por absorba y "fall back" mucho mas facil riba pilarnan alternativo.

Minister Presidente a splica proceso pa restart economia:
Minister Presidente Evelyn Wever Croes a splica amplio di e plan cu Aruba tin pa jump start economia. Desde luna di april a bin cu un plataforma amplio di mas di 100 hende esta un comision grandi cu hopi hendenan prominente den comunidad den un mix di sector priva, sector publico, sector academico y sector civico asina yama Public Private Platform.

Kico ta e Tarea di e Public Partner Platform:
E tarea di e comision Public Partner Platform aki ta pa crea un vision di un economia transforma. Pues no economia cu nos conoce caba. Nos ta buscando otro pilarnan economico banda di turismo cual lo por aporta pa den futuro unda Aruba lo por wanta cualkier shock of crisis riba su propio forsa. E Plataforma aki lo mester percura pa reformenan structural cu enfoke riba recuperacion economico y stabilidad garantisando alabes crecemento economico sostenibel.

Con e structura ta hinca den otro:
Na cabes di e structura aki tin un Think Tank. Den e Think Tank aki tin hendenan prominente den comunidad manera entre otro ex gobernadornan kendenan por duna guia y conseho na e stuurgroep. Bou di e stuurgroep (cual ta consisti di hendenan semi publico y priva) tin 3 Sub Comision. E comisionnan aki ta reparti den 1. Sub Comision di Stabilisacion y Estimulo cu ta cay directamente bou di Minister di Finansas Economia y Cultura ken ta trek e comision aki. Number 2. ta Sub Comision Fast Track y reactivacion di economia cual ta cay bou Minister di Infrastructura Marisol Lopez Tromp kende ta trek e comision aki y number 3 ta Sub Comision Innovacion y Sostenibilidad cual ta cay bou Minister President Evelyn Wever Croes kende ta e trekker di e comision aki.

Asina cada Sub Comision ta raporta na su stuurgroep kende na su turno ta debati e ideanan y proyectonan cu Think Tank pa presenta e conseho final na Ministerraad pa un decision final. Asina lo inclui tur sectornan den ideanan grandi pa hunto nos logra restart y jumpstart nos economia. Pues finalisando trabounan ta masha hopi y mester keda enfoca riba hopi cos pareu pa logra rescata e pida baranca aki. Cu curashi determinacion y positivismo nos lo logra.

Robert Candelaria (AVP):

‘Enkelband ta un opcion cu a duna e Minister pragmatico simplemente’

ORANJESTAD - Preocupante ta locual cu ta pasando actualmente durante crisis. Minister di Husticia ta insinua cu tin jaloezie riba dje mientras cu e unico cos cu e tin ta dealnan straño cu e tin cu bay duna cuenta. Por a tuma nota di insinuacion riba baha gasto di proyectonan PPP di parti Bikker den su ultimo conferencia pero e pueblo por a duna testimonio di unda tur a beneficia di cada proyecto cu ta den gran uzo durante temporada di Shelter in Place por ehempel caminda a comunidad a sali y recrea/haci deporte y por a mishi cu nan.

Robert Candelaria ta remarca riba e hecho cu ta papia cu tin cu bay paga pa nan, igualmente tin cu bay paga pa locual cu por aprecia tumando luga na Dakota caminda un construccion y preparacion pa containernan ta den marcha.

Unda e prioridadnan di e gobierno actual aki ta?
Como Parlamentario ta su trabou pa controla Minister y su Gobierno pa tene nan skerpi. Como tal ta na su luga pa haci pregunta di cual merece contesta. Con por ta posibel cu den un periodo manera awo, cu scolnan sin opcion pa habri bek pa falta di wasbak pero na e momentonan aki ta haya aun minister ta hinca miyones den containernan pa cera personanan ilegal riba nos Isla.

Un inversion irealistico caminda tin cu hinca placa den compra di container cu no ta den bon condicion, paga pa drecha nan, converti nan den cel pa por fungi como localidad di detencion, tin cu bay paga pa siguridad incluyendo overtime pa cuida e hendenan ilegal como tambe suministra e presonan aki cu cuminda (3 biaha pa dia) sin lubida riba seguro medico si cualkier un di nan por ta sufriendo cu un of otro problema medico.

Cuater scol no tin edificio pa nan mientras ta inverti den prioridad robes
Tur esaki tumando luga mientras scolnan ta confrontando problema pa habri (wasbak, bentana kibra y mas) ta locual cu segun Candelaria ta cuestionabel. Mientras ta keda inverti den prioridadnan robes, tin actualmente cuater scol cu no tin edificio adecua pa nan por muda bek y fungi manera mester ta. Pero si ta prepara luga cu containernan pa cera hende. Sin lubida cu ta cera hende awo akinan pero no tin fecha cu nan Pais lo ricibi nan back, indicando cu tin cu bay sigui paga tur e gastonan aki. Scoge pa inverti den e scolnan y habri nan bek no tabata opcion!

Enkelband pa detenidonan ta un opcion pa e Minister “Pragmatico”
Como cu e ta un Minister Pragmatico, cu solucionnan pragmatico e por usa e solucion pragmatico cu Robert Candelaria ta comparti. Haci uso di enkelband. Por tuma contacto cu colega Grapperhaus na Hulanda bis’e cu lo tin mester di enkelband, cu tin problema cu ilegalnan na Aruba y si esaki ta posibel cu e por yuda cune. Pero no ta opta pa esey, ta prefera di paga pa containernan cu no ta den bon condicion, inverti hopi placa pa drecha nan y tur otro gasto menciona mientras no mester. Tin otro solucion mirando cu tin prioridadnan mas importante.

Un apelacion un biaha mas na e Minister, si acaso ta bisa cu no por sali di contractnan anto “Play Open Card” mustra pueblo e contract di container manera esun di helicopter tambe (cu por cierto niun hende a mira ainda), tin un contract cu a bay corecto y transparente y cu no tin mucho gasto envolvi y cu a scoge esaki prime cu a opta pa drecha scolnan y habri nan back.

Tin cu mustra Reino/ Hulanda y bo mes un Pueblo cu a scoge pa pone bo eynan cu bo ta trahando cu prioridadnan corecto. Poniendo e cosnan cu mas prioridad prome y esnan di menos prioridad despues, cual na e momentonan aki no ta mirando segun Robert Candelaria.

Importante di tur esaki ta cu aki un par di siman tin cu bolbe bay cerca Hulanda, bolbe haci peticion pa fia placa mientras Hulanda ta bay cuestiona kico abo a haci / unda abo a corta gasto. Como ehempel por duna cu si bo tin un yiu cu ta pidiendo placa, e ta drispidi y no ta tuma maneho di placa na serio logicamente tin cu yuda e yiu maneha e placa of no ta dune placa mas. P’esey tin cu mustra cu ta un partner serio den Reino, cu ta haci huiswerk, a baha e gastonan cu por logra sin nan prome cu sigui haci peticion na Hulanda.
Prioridadnan no ta corecto y como Parlamentario y representante den pueblo su trabou ta di cuestiona locual ta sinti cu no ta corecto pa asina trece claridad cu pueblo por biba cune, Robert Candelaria a bisa.

Gobierno a brinda alivio den forma di Subsidio di Salario den luna di mei na 1.647 compania. Un total di 50.9% di e companianan cu ta vulnerabel a aplica pa e ayudo financiero aki pa asina por a percura pa 27.180 trahado por a keda ricibi un salario. Cu esaki un total di 72.7% di e personanan vulnerabel por a keda cu un entrada. Gobierno a brinda un suma total di Afl. 46.814.301 miyon florin na Subsidio di Salario pa luna di mei. E sosten financiero a wordo facilita door di un fiansa di Reino Hulandes pa Aruba.

Gobierno mester tuma decision necesario pa por yega na e fondonan
E mandatario ta subraya cu esaki ta e realidad di Aruba actualmente. Pa e motibo aki Gobierno di Aruba mester a tuma decisionnan necesario y traha diligentemente pa por cumpli cu e condicionnan di Reino Hulandes pa yega na e fondonan necesario y asina por brinda alivio den forma di Subsidio di Salario. Keda sin tuma decision ta trece cune cu casi mita di e hogarnan na nos Pais lo biba den e angustia di no por conta riba un entrada.

A.T.A a introduci tres sector adicional den Aruba Health and Happiness Code

ORANJESTAD – Recientemente, Oficina di Turismo di Aruba (A.T.A.) a introduci tres sector adicional den e programa den programa di Aruba Health and Happiness Code, esaki ta Taxi', Car Rentals y Tour Operators.

E sectornan aki mester completa e programa di Aruba Health and Happiness Code (HH Code). E tres sectornan adicional ta inclui 'Taxi', 'Car Rentals' y 'Tour Operators'. A.T.A. conhuntamente cu Departamento di Salud Publico (D.V.G.), Ministerio di Salubridad y Departamento di Transporte Publico (D.T.P.) a lansa e programa di Aruba Health and Happiness Code (HH Code) cu e meta pa sigura cu protocolnan di higiena y salud ta na un nivel cu nos bishitantenan ta spera ora di bishita un destinacion turistico manera Aruba.

Durante e prome dos simannan despues cu e programa di HH Code a wordo lansa, un total di 852 compania den e sectornan di 'Accommodations', 'Food & Beverage', 'Food Trucks' y 'Retail/Shops/Supermarkets' a exitosamente pasa e prome fase di e programa pa cual nan a wordo otorga un seyo colorido di HH Code, cual ta e seyo di pre-check. Awor e companianan aki lo sigui pa e di dos fase di e programa pa asina obtene e seyo di oro. A.T.A. a introduci tres sector adicional cu tambe lo mester registra pa e programa di HH Code cu e meta pa completa esaki dentro di dos siman, pues no mas tarda cu 19 di juni. E sectornan adicional ta inclui e sectornan di 'Taxi', 'Car Rentals' y 'Tour Operators'. Manera tabata e caso cu e cuater sectornan anterior, e sectornan adicional tambe lo mester completa e dos fasenan di e programa di HH Code. E prome fase ta consisti di un registracion y checklist cu lo mester wordo yena via www.arubacovid19.org. Si esaki wordo haci debidamente, e taxista/compania lo ricibi un seyo colorido di pre-check y lo sigui pa e siguiente fase cual ta consisti di un inspeccion. Si resulta cu e taxista/compania ta cumpli cu tur e rekisitonan mandatorio manera stipula, e taxista/compania lo ricibi un aprobacion final y lo wordo otorga un seyo di oro. Ta importante pa remarca cu e uzo di e seyo otorga na cada taxista lo ta diferente compara cu e otro sectornan. Den e sector di 'Taxi', cada taxista lo ricibi un seyo den forma di un sticker cu lo ta visibel for di pafo di e vehiculo. Ademas di esaki, cada taxista lo ricibi un 'hangbord' cu lo ta visibel paden di e vehiculo. E sticker como tambe e 'hangbord' lo wordo registra na e number di auto.

Aunke cu tur sector introduci como parti di e programa di HH Code ta contribui na e calidad di e experiencia cu bishitantenan lo tin riba nos isla, e sector di transporte specificamente ta uno cu ta sobresali, mirando cu esunnan cu ta forma parti di e sector aki mayoria biaha ta e prome cara cu nos bishitantenan ta mira na momento cu nan sali for di aeropuerto of puerto di crucero.
Sinembargo, e protocol y medidanan inclui den e HH Code ta tene na cuenta e diferente proveedornan cu cual bishitantenan lo por tin contacto durante nan bishita door di cubri tur punto di contacto den e cadena di suministro. Pa e motibo aki, A.T.A. ta haci un apelacion na tur compania cu ta forma parti di e shete sectornan di 'Accommodations', 'Food & Beverage', 'Food Trucks', 'Retail/Shops/Supermarkets', 'Taxi', 'Tour Operators', y 'Car Rentals' pa completa e registracion y checklist cu ta pertenece na nan respectivo sector pa asina inicia e proceso pa obtene e seyo di HH Code. Di e forma aki, cada compania ta contribui na eleva e protocolnan di higiena y salud riba nos isla cu lo haci Aruba un pais mas higienico y limpi pa e bienestar y salud di nos bishitantenan como tambe nos comunidad local.

Pa mas informacion tocante e HH Code y con pa registra por bishita www.arubacovid19.org/ahhc of por manda un e-mail na healthcode@aruba.com.

Formal and impromptu memorials to Floyd stretched from Minneapolis to North Carolina, where family were gathering Saturday to mourn him, and beyond.

Josiah Roebuck, a Kennesaw State University student and organizer of a demonstration that drew about 100 people Friday in an Atlanta suburb, said he was confident that momentum will be maintained.

"Once you start, you're going to see this every day," said Roebuck, who has attended multiple other Atlanta-area protests. "I just want minorities to be represented properly."

Demonstration leaders have employed various organizing tools including social media, which Roebuck said he used to gather people for the demonstration outside a Kennesaw store selling Confederate memorabilia. "Social media is a big influencer today," he said.

Protests around the country had initially been marred by the setting of fires and smashing of windows, but Friday marked at least the third day of more subdued demonstrations, including a heartfelt tribute to Floyd in Minneapolis that drew family members, celebrities, politicians and civil rights advocates on Thursday. The Rev. Al Sharpton delivered a fierce eulogy and outlined plans for a commemorative march on Washington in August, vowing that the movement will "change the whole system of justice."

Floyd's body was being taken to North Carolina, the state where he was born 46 years ago, for a public viewing and private service for family on Saturday. Then in Texas, where Floyd lived most of his life, services culminating in a private burial will take place over two days next week.

In Washington, city workers and volunteers painted "Black Lives Matter" in enormous yellow letters on the street leading to the White House in a sign of local leaders' embrace of the protest movement. The mural that also includes an image of the city's flag stretched across 16th Street for two blocks, ending just before the church where President Donald Trump staged a photo-op earlier this week after federal officers forcibly cleared a peaceful demonstration to make way for the president and his entourage."The section of 16th street in front of the White House is now officially 'Black Lives Matter Plaza,'" Mayor Muriel Bowser said in a tweet shortly after the mural was completed Friday.

The project supporting a protest movement at odds with Trump's leadership follows Bower's verbal clashes with his administration over the response to protests over Floyd's killing. Still, the local chapter of Black Lives Matter took a swipe at Bowers on Twitter by saying the project distracts from their efforts to shift funds from local police to community investment.

Meanwhile, in a sign the protesters' voices were being heard, more symbols of slavery and the Confederacy came down. Alabama's port city of Mobile removed a statue of a Confederate naval officer early Friday after days of protests there, while Fredericksburg, Virginia, removed a 176-year-old slave auction block from downtown after several years of efforts by the NAACP.

Community activists are working to convert anger and grief into long-term action. Black Lives Matter Alliance Broward circulated a sign-up sheet at a Fort Lauderdale, Florida, protest that drew 1,500 names of people who want to stay involved. The group followed up with each person this week suggesting simple actions such as emailing or calling to demand local change.

"We are taking more of the strategy of: 'How do we actually invest people's energy beyond protesting?,'" said Tifanny Burks, a community organizer. "We are thinking long term."

This weekend, they are building a church altar with the names of victims killed by local police and having their family members speak. On Monday, they plan a workshop to help people engage at the local level, including mobilizing in upcoming elections.

"Every single day it's growing from people who want to get more involved, who want to take more actions, so we're going to be mobilizing those folks," Burks said.

At demonstrations around the country, protesters said the quieter mood was the result of factors including the new and upgraded criminal charges against the officers involved in Floyd's death and a more conciliatory approach by police who have marched with them or taken a knee to recognize their message.

Still, some troubling interactions between police and protesters occurred. In Buffalo, two officers were suspended after video from WBFO showed a 75-year-old man being shoved after walking up to police as they were enforcing a curfew Thursday night. The man appeared to hit his head on the pavement and was bleeding as officers walked past. The man was hospitalized.❑

U.N. health agency: Wear mask if you can't keep your distance

By MARIA CHENG
AP Medical Writer

The World Health Organization is broadening its recommendations for the use of masks during the coronavirus pandemic and said Friday it is now advising that in areas where the virus is spreading, people should wear fabric masks when social distancing is not possible, such as on public transportation and in shops.

WHO Director-General Tedros Adhanom Ghebreyesus said people over age 60 or with underlying medical conditions also should wear masks in situations where social distancing cannot be maintained. WHO previously had recommended that only health care workers, people with COVID-19 and their caregivers wear medical masks, noting a global shortage of supplies.

During a press briefing discussing the revised guidance, Tedros added that "masks on their own will not protect you from COVID-19" and emphasized the importance of hand-washing, social distancing and other infection-prevention strategies.

In this Friday, March 20, 2020 file photo, passengers wearing face masks travel on a Piccadilly Line underground train in London.

WHO also widened its mask guidance to specify that health workers in areas where the virus is spreading freely should always wear masks inside medical facilities. Doctors working in cardiology or other wards, for example, should wear medical masks even if the facilities had no known coronavirus patients, Tedros said. Maria Van Kerkhove, WHO's technical lead on COVID-19, said the updated recommendations were based on new research commissioned by the U.N. health agency.❑

Navy carrier sidelined by virus is back operating in Pacific

By LOLITA C. BALDOR

WASHINGTON (AP) — Ten long weeks after a massive coronavirus outbreak sidelined one of the Navy's signature warships, the U.S.S. Theodore Roosevelt has returned to sea and is conducting military operations in the Pacific region.

Lining the flight deck in their dress white uniforms, sailors wearing white face masks stood a virus-safe 10 feet (3 meters) apart in a final, formal thank you as the ship sailed out of port in Guam on Thursday and headed into the Philippine Sea.

"We manned the rail, which we don't normally do. There was a lot of symbolism in that," Navy Capt. Carlos Sardiello told The Associated Press in an interview from the ship Thursday. "They're excited. They're fired up to be back at sea doing the mission."

In this June 4, 2020, photo provided by the U.S. Navy, the aircraft carrier USS Theodore Roosevelt (CVN 71) departs Apra Harbor in Guam.

The Roosevelt pulled into Guam on March 27, with a rapidly escalating number of sailors testing positive for the virus. Over time, more than 1,000 were infected with COVID-19, setting off a lengthy and systematic process to move about 4,000 sailors ashore for quarantine and treatment, while about 800 remained aboard to protect and run the high-tech systems, including the nuclear reactors that run the vessel.

Slowly, sailors were methodically brought back on board, while the others who had remained went ashore for their mandated two-week quarantine. And in late March, the ship with only about 3,000 crew aboard went out to sea for roughly two weeks of training, including the recertification of the flight deck and fighter squadron, such as takeoffs and landings on the carrier.

Earlier this week, the Roosevelt wrapped up training and returned to Guam to pick up nearly 1,000 sailors who had been left there to either complete their quarantine or to manage and work with those still on the island. As the ship sailed into the port, it was flying a flag with the words "Don't Give Up the Ship," a famous Navy battle cry from the War of 1812.

"Our sailors didn't give up the ship. They fought and got it back. So I thought it was appropriate," said Sardiello, who asked one of the other Navy ships to borrow their flag. "The ship was clean and the ship was healthy with no COVID cases. So I said, OK, we're going to fly that one time on the way into Guam as a symbol to bolster their morale."

RS1 Katie VanDrimmelen was one of the sailors left ashore during the two-week training. She had tested positive for the virus and was in quarantine for about five weeks. Walking back onto the ship, she said, was like being welcomed home from a deployment.

"It was amazing," said VanDrimmelen, of Ogden, Utah. "It was very comforting to be back in our normal atmosphere. Everybody was happy."

Sardiello said that watching the sailors board the ship was a great feeling, But he knows he's not done yet. There are still about 350 sailors on Guam who are either in isolation or are there as support staff.

"More and more of those sailors are meeting the return-to-work criteria, and we're flying them on board every single day. So we're whittling down that number day by day," said Sardiello. "But I really want those 350 remaining back. And we're working hard on that."

He said that any sailors who don't recover in time will be transported back to the U.S. The ship is expected to continue operations in the Pacific, and then would likely head home to San Diego later this summer.

The Roosevelt has been at the center of a still unresolved controversy that led to the firing of the ship's previous captain, the resignation of the Navy secretary and an expanded investigation into what triggered the outbreak and how well top naval commanders handled it.

Sardiello, had previously captained the Roosevelt but was abruptly sent back to the ship in early April to take command after Capt. Brett Crozier was fired for urging his commanders to stem take faster action to stem the virus outbreak onboard.

After a preliminary review last month, Adm. Mike Gilday, the Navy's top officer, recommended that Crozier be reinstated as ship captain. But the Navy decided to conduct the broader investigation.

That review, which effectively delays a decision on Crozier's reinstatement, was finished and submitted to Gilday at the end of March and he is still reviewing the extensive report, which includes several hundred pages of interviews, documents and recommendations.

Cmdr. Nate Christensen, spokesman for Gilday, said is will take time for the admiral to finish his review and make any decisions.❏

U.S. moves forward with plan to end wild bird protections

By MATTHEW BROWN

BILLINGS, Mont. (AP) — The Trump administration moved forward Friday with plans to scale back a century-old law protecting most American wild bird species despite warnings that billions of birds could die as a result.

Officials said in a draft study of the proposal that it could result in more deaths of birds that land in oil pits or collide with power lines or other structures.

More than 1,000 species are covered under the law, and the changes have drawn a sharp backlash from organizations that advocate on behalf of an estimated 46 million U.S. birdwatchers.

The study did not put a number on how many more birds could die but said some vulnerable species could decline to the point where they would require protection under the Endangered Species Act.

Former U.S. Fish and Wildlife Service Director Dan Ashe and independent scientists have said the change could could cause a huge spike in bird deaths — potentially billions of birds in coming decades — at a time when species across North America already are in steep decline.

The proposal would end the government's decades-long practice of treating accidental bird deaths caused by industry as potential criminal violations under the Migratory Bird Treaty Act. ❏

EU wants borders free of virus restrictions by end of June

By LORNE COOK and KAREL JANICEK

BRUSSELS (AP) — Europe could have its free travel zone up and running again by the end of this month, but travelers from further afield will not be allowed in before July, a European Union commissioner said Friday after talks among the bloc's interior ministers.

German Foreign Minister Heiko Maas, right, and his Italian counterpart Luigi Di Maio wear face masks to protect against the coronavirus during a meeting in Berlin, Germany, Friday, June 5, 2020.

Associated Press

Panicked by Italy's coronavirus outbreak in February, countries in the 26-nation Schengen travel zone — where people and goods move freely without border checks — imposed border restrictions without consulting their neighbors to try to keep the disease out. The moves caused massive border traffic jams and blocked medical equipment.

Free movement is a jewel in Europe's crown that helps its businesses flourish and many European officials feared that the very future of the Schengen area was under threat from coronavirus travel restrictions. These added to border pressures already caused by the arrival in Europe of well over 1 million migrants in 2015.

"I personally believe that we will return to a full functioning of the Schengen area and freedom of movement of citizens no later than the end of the month of June," European Union Home Affairs Commissioner Ylva Johansson said Friday after the video-conference meeting.

All but essential travel into Europe from the outside is restricted until June 15, but many ministers suggested Friday that they want this deadline extended until early July.

The meeting came as the Czech Republic was easing restrictions with some of its neighbors; Austria, Germany and Hungary. Also Friday, Switzerland said it plans to lift restrictions on travel from EU nations and Britain on June 15. Switzerland is not an EU member but is part of the Schengen travel zone.

Johansson said Europe's Centre for Disease Prevention and Control believes that confinement, social distancing and other health measures are working. More than 175,000 people have died in Europe's coronavirus outbreak, according to a tally by Johns Hopkins University, mostly in Britain, Italy, France and Spain.

"Physical distancing and other health-related measures are still needed, of course. But health authorities are clear that there is no longer a clear justification for either travel restrictions or border measures within the EU Schengen area," Johansson said.

German Interior Minister Horst Seehofer, whose country plans to lift its remaining border checks on June 15 like many other EU countries, said "the internal border controls will be over in all of Europe at the end of June."

The news should come as a relief to millions of Europeans still trying to work out their summer vacation plans — which begin for many in July once the school year is over — and who are anxious to know whether they will be allowed to head to the continent's beaches or mountains. It's also good news for European countries whose economies have been ravaged by the spread of COVID-19 and are hoping for a much-needed boost from their decimated tourism industries.

But the perception that Italy is still dangerous is weighing heavily on its tourism sector, which along with related industries accounts for 13% of Italy's gross domestic product.

In an apparent reference to Austria and Greece, which have not fully opened to Italian tourists, Italian Foreign Minister Luigi Di Maio denounced the "ad hoc" measures put in place by some countries as "a violation of the European spirit that has always distinguished us."

Di Maio said Rome would provide regular infection data to Austria "so they can have certainty about Italy's numbers." Last week, he said Italy refused to be treated as a leper after Greece announced a list of 29 countries whose citizens could visit without testing or quarantine requirements, but excluded Italians, Britons and residents of other hard-hit countries.

Spanish Prime Minister Pedro Sánchez and Italian Premier Giuseppe Conte have sent a joint letter to European Commission President Ursula Von der Leyen urging "the lifting of restrictions at our internal borders (...) in a coordinated, non-discriminatory manner." The letter was shared with media in Spain on Friday.

The government leaders of the eurozone's third- and fourth-largest economies want the European Centre for Disease Prevention and Control to play a leading role in "defining as soon as possible these criteria together with the member states."

Spain, which relies on tourism for 12% of its GDP, plans to wait until July 1 to drop its 14-day quarantine requirement for everyone who crosses its borders, Spaniards included.

"Many of our member states are approaching the date when they are going to reopen their borders to tourist mobility," Sánchez and Conte wrote. "How this process is carried out will largely determine our citizens' perception of the centrality of the European Union in tackling this crisis."

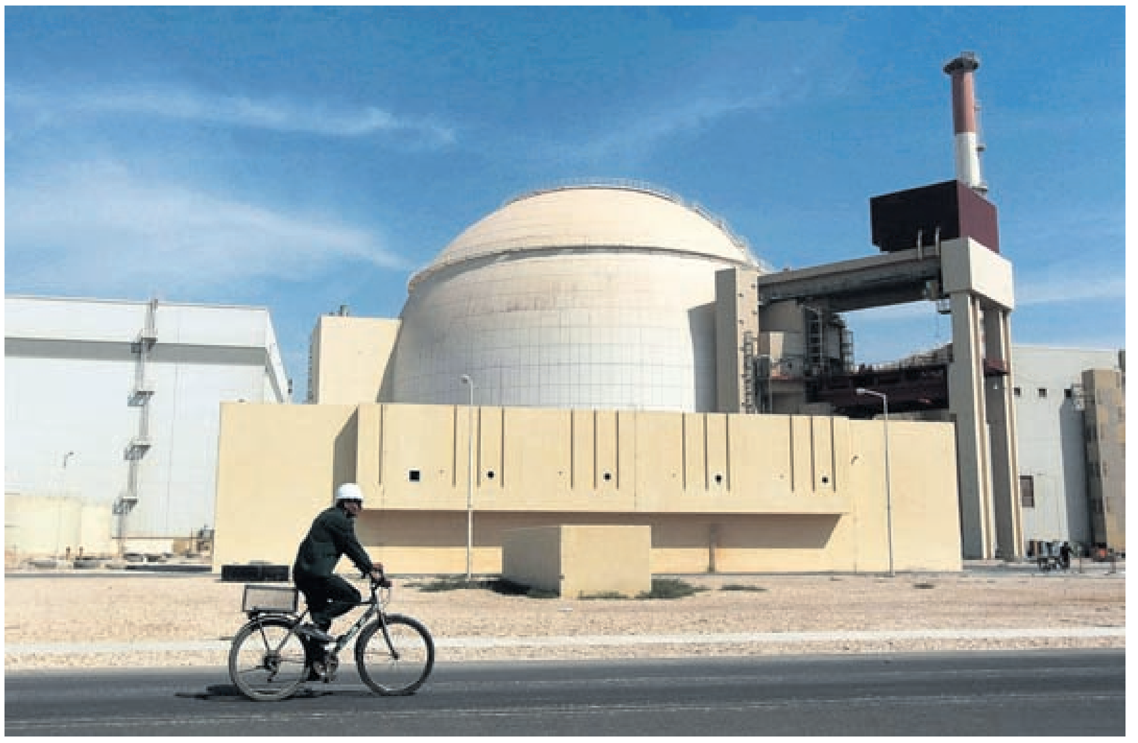

Germany's Seehofer said most of the EU's interior ministers want to extend the current entry ban on outside travelers "by 14 days until July 1."

Visitors from the United States, Russia or Brazil, for example, would only be allowed back into Europe on based on how those nations have brought the spread of the virus under control, he said. Those three nations account for 44% of the world's confirmed infections and nearly 38% of the world's confirmed coronavirus deaths, according to Johns Hopkins.

Worldwide, 6.6 million people have been confirmed infected by the virus and over 391,000 have died, according to Johns Hopkins, but experts say the tally understates the true toll of the pandemic due to limited testing, missed mild cases and deliberate government undercounts.❑

UN agency: Iran violating all restrictions of nuclear deal

VIENNA (AP) — Iran has continued to increase its stockpiles of enriched uranium and remains in violation of its deal with world powers, the United Nations' atomic watchdog said Friday.

The International Atomic Energy Agency reported the finding in a confidential document distributed to member countries and seen by The Associated Press.

The agency said that as of May 20, Iran's total stockpile of low-enriched uranium amounted to 1,571.6 kilograms (1.73 tons), up from 1,020.9 kilograms (1.1 tons) on Feb. 19.

Iran signed the nuclear deal in 2015 with the United States, Germany, France, Britain, China and Russia. Known as the Joint Comprehensive Plan of Action, or JCPOA, it allows Iran only to keep a stockpile of 202.8 kilograms (447 pounds).

The IAEA reported that Iran has also been continuing to enrich uranium to a purity of up to 4.5%, higher than the 3.67% allowed under the JCPOA. It is also above the pact's limitations on heavy water.

The nuclear deal promised Iran economic incentives in return for the curbs on its nuclear program. President Donald Trump pulled the U.S. out of the deal unilaterally in 2018, saying it needed to be renegotiated. Iran has since slowly violated the restrictions to try and pressure the remaining nations to increase the incentives to offset new, economy-crippling U.S. sanctions.

The ultimate goal of the JCPOA is to prevent Iran from developing a nuclear bomb. Since the U.S. withdrawal, Iran has stockpiled enough uranium to produce a weapon, although the government in Tehran insists it has no such goal and that its atomic program is only for producing energy.

According to the Washington-based Arms Control Association, Iran would need roughly 1050 kilograms (1.16 tons) of low-enriched uranium — under 5% purity — and would then need to enrich it further to weapons-grade, or more than 90% purity, to make a nuclear weapon.

With the nuclear deal in place, Iran's so-called breakout time — the period Tehran would need to build a bomb if it chose to — stood at around a year. As Iran has stepped away from the limits of the 2015 deal, it slowly has narrowed that window.

However, that doesn't mean Iran would immediately rush toward building a bomb if all the materials were in place.

Before agreeing to the nuclear deal, Iran enriched its uranium up to 20% purity, which is just a short technical step away from the weapons-grade level of 90%. In 2013, Iran's stockpile of enriched uranium was already more than 7,000 kilograms (7.72 tons) with higher enrichment, but it didn't pursue a bomb.

As the country has expanded its nuclear program, Iran has been open about the violations and continues to allow inspectors for the U.N. atomic agency access to iacilities to monitor their operations.

It remains in violation of all the main restrictions outlined by the JCPOA, which Tehran says it hopes will pressure the other nations involved to increase economic incentives to make up for hard-hitting sanctions imposed by Washington after the U.S. withdrawal.

Though Iran has been hard hit by the new coronavirus pandemic, the IAEA said it has maintained its verification and monitoring activities in the country, primarily by chartering aircraft to fly inspectors to and from Iran. It cited "exceptional cooperation" from authorities in Austria, where it is based, and Iran in facilitating the operation.

The agency raised concerns, however, about access to two of three locations it identified in March as places where Iran possibly stored and/or used undeclared nuclear material or undertook nuclear-related activities without declaring them to international observers.

Activities at all three sites are thought to have been from the early 2000s. The IAEA said in its current report that it had determined that one site had undergone "extensive sanitization and leveling" in 2003 and 2004 and there would be no verification value in inspecting it.

It said Iran has, for more than four months, blocked access to the other two locations, one of which was partially demolished in 2004 and the other at which the agency observed activities "consistent with efforts to sanitize" the facility from July 2019 onward. The watchdog agency added that Iran has also "not engaged in any substantive discussions" with the IAEA to answer its question about possible undeclared nuclear material and activities for almost a year.❑

Hong Kong's last British leader: China's agenda 'Orwellian'

BEIJING (AP) — The last British governor of Hong Kong criticized the Chinese government on Friday over proposed national security legislation, calling it part of an "Orwellian" drive to eliminate opposition in violation of the agreement on handing the territory over to Beijing.

Chris Patten defended London's announcement that it would grant residency and a path to citizenship for nearly 3 million Hong Kong residents if Beijing goes through with passage of the legislation.

The law is seen as potentially imposing severe restrictions on freedom of speech and opposition political activity in the former British colony that was handed over to Chinese rule in 1997. China has denounced the offer of citizenship as a violation of its sovereignty.

"If they've broken the (Sino-British) Joint Declaration, if they've thrown it overboard, how can they then use the joint declaration as though it stops us doing something that's a sovereign right of ours?" said Patten, now chancellor of the University of Oxford, in an online talk with reporters.

The declaration is a bilateral treaty signed as part of the handover process. China has essentially declared it null and void, while Britain says Beijing is reneging on its commitments made in the document that was supposed to be remain in effect until 2047. ❑

Nations try to get back on their feet but job cuts continue

The outbreak of the coronavirus has dealt a shock to the global economy with unprecedented speed. Following are developments Friday related to the national and global response, the work place and the spread of the virus.

JOB CONCERNS:

— Mall operator CBL & Associates warned Friday in a regulatory filing that there's "substantial doubt" that it will be able to continue as a going concern, citing the financial impact of the coronavirus on its store tenants. The warning comes after it skipped an interest payment of $11.8 million that was due June 1. It has a 30-day grace period before it goes into default. CBL has 108 mall properties across 26 states.

— Bombardier Aviation is reducing its workforce by about 2,500 employees due to challenges caused by COVID-19. The company said Friday that it had to make the move because business jet deliveries, industry-wide, are forecast to be down approximately 30% year-over-year due to the pandemic.

Bombardier said most of the cuts will impact its manufacturing operations in Canada and will occur throughout the year. It has almost 60,000 total employees. The company anticipates an approximately $40 million charge related to the job cuts.

— Luxury British carmaker Bentley plans to cut up to 1,000 jobs and has warned of the possibility of more to come as it tries to limit the damage caused by the virus outbreak.

The company, which is part of Germany's Volkswagen Group, said it is looking to make the initial job cuts under a voluntary scheme but that future job cuts may be on a compulsory basis.

A Bombardier plant is seen in Montreal on Friday, June 5, 2020.

Associated Press

Bentley said it has informed its 4,200 workers of a program to significantly reduce the size of the business.

TRAVEL:

— British Airways is considering legal action against the British government's plans to force anyone arriving into the country to quarantine themselves for 14 days in order to stem the spread of the coronavirus.

Willie Walsh, the chief executive of International Airlines Group, which runs the British flag carrier, told Sky News he is reviewing the situation with lawyers. He said the "irrational" quarantine rules would "torpedo" the airline's chances of flying in July.

— Slovakia has lifted the government's restrictions for traveling to neighboring Austria and Hungary.

Slovak Prime Minister Igor Matovic says the move becomes effective on Friday. It also enables citizens of Austria and Hungary to travel to Slovakia without any restrictions.

On Thursday, Slovakia reopened for travelers its common border with another neighbor, the Czech Republic.

CENTRAL GOVERNMENTS & BANKS:

— Louisiana's bars, spas and tattoo shops can begin restarting operations nearly three months after they were closed because of the coronavirus.

The state continued to loosen its virus-related restrictions Friday. The changes allow retailers, restaurants, salons and churches to serve more customers at a time and let other shuttered businesses reopen with limitations.

The easing of restrictions won't take effect in New Orleans. Officials in the state's original virus hot spot want more time to determine when they'll allow a wider reopening of businesses.

— The unemployment level in the Czech Republic has been moderately growing amid the pandemic.

Labor Minister Jana Malacova says unemployment reached 3.6% in May, 0.2% more than the previous month. A total of 266,144 Czechs were unemployed in May, 12,104 more than in April.

Analysts have predicted that the unemployment level might reach up to 10% later in the year.

— Malaysia's government has announced a 35 billion ringgit ($8.2 billion) stimulus to bolster short-term economic recovery. The package, which is in addition to a $60 billion stimulus announced earlier, centers on increasing employment, wooing foreign investment and revitalizing key sectors of the economy. Prime Minister Muhyiddin Yassin said Friday it included 10 billion ringgit ($2.3 billion) in direct fiscal injection to the economy in the form of wage subsidies, upskilling programs and supporting small and medium-sized enterprises. Various tax breaks and rebates are being given to bolster the manufacturing, property, auto, palm oil, airline and tourism sectors.

— Statistics Canada reports a record high unemployment rate as the Canadian economy added 289,600 jobs in May, with businesses reopening amid easing public health restrictions. The government agency says the unemployment rate rose to 13.7%, topping the previous high of 13.1 % in December 1982. The increase in the unemployment rate came as more people started looking for work. The increase in the number of jobs comes after three million jobs were lost over March and April, and about 2.5 million more had their hours slashed.

MARKETS: Stocks are rushing higher Friday after a much better-than-expected report on the U.S. job market gave Wall Street's recent rally another shot of adrenaline.❑

Pandemic accelerates Mormon missionaries' transition online

By BRADY McCOMBS and MARIAM FAM
Associated Press

BRIGHAM CITY, Utah (AP) — Wearing dress shirts, ties and name tags, three missionaries with The Church of Jesus Christ of Latter-day Saints sit around the kitchen table inside a Utah apartment planning how they'll spread their gospel that day.

Seth Rather, a 19-year-old from Wichita, Kansas, reads aloud as he types on a smartphone: "During this time, we must put our faith in God to deliver us through these unprecedented times. How has putting your faith in God helped you in your life?

"That good?" he asks his two companions.

"I like it," Andrew Zitting responds. Guenter Castrillo nods.

With that, the young men have their Facebook post for the day.

This is what missionary work looks like during the coronavirus pandemic, which has forced the Utah-based faith widely known as the Mormon church to accelerate its online outreach.

After hastily bringing home more than 26,000 young people from overseas missions aimed at recruiting new members, the church has begun sending many of them out again in their home countries with a new focus on online work that may persist even after the pandemic, officials told The Associated Press.

"The leaders of our church have been asking us: What are we learning from this pandemic that will help us become better, become more efficient," said Brent H. Nielson, executive director of the church's missionary department. "We've learned that finding people, teaching people online is much more effective than trying to meet people in person on a bus or on a street corner or somewhere else. This will change what we do, I think, forever."

Missionary work has changed drastically for young people like Rather and Castrillo, who had spent long days walking through the streets in the Philippines to spread the word of their faith before the pandemic hit. Now, they hardly leave a ground-level apartment in the small town of Brigham City in northern Utah.

In this May 27, 2020, photo, from Seth Rather, a missionary with The Church of Jesus Christ of Latter-day Saints, looks at his smartphone at his apartment, in Brigham City, Utah.

Associated Press

After sending the Facebook post recently, they knelt for a prayer and then dialed in to a Zoom call with a family. A similar scene is playing out worldwide as reassigned missionaries navigate new realities.

In Orlando, Florida, Bella McCain and Madison King hold a WhatsApp video call with a family they have been teaching church doctrine. They invite the family to take the sacrament for the first time and follow up on an earlier proposal: forgo coffee, a key part of the faith's health code, which also bans alcohol and tobacco.

The husband and wife had different outcomes: She says she found it difficult but would like to work on it. He says he'd given it up.

On Facebook, McCain and King craft a message in Portuguese, the language they learned for their original assignments in Brazil. They also text people asking to set up a call to talk about the church.

It's a far cry from just months ago. In Brazil, McCain had one of those "little brick phones" and largely spoke to people face to face.

"Sometimes we feel like pioneers," said McCain, a 19-year-old from Texas. "We're not used to using social media in this way and, like, I never made videos and posted them online before. ... We're all learning, and it's really interesting and really fun."

The church began incorporating online faith outreach when it gave some missionaries tablets six years ago. It's since made technology more prevalent, giving most missionaries smartphones even before the pandemic, Nielson said.

A more online-based approach would be a major shift and could diminish the appeal for some young church members who crave an enriching cultural experience, said Ryan Cragun, a sociology professor at the University of Tampa who specializes in religion and The Church of Jesus Christ of Latter-day Saints. The time in the community also breaks up the drudgery of being alone with a fellow missionary, said Cragun, a former church member who served a mission in Costa Rica.

"There's this quasi-tourist experience of going to these cool places, but there is also the connection you get to the people," Cragun said. "That's probably one of the more meaningful things that happens to them."

McCain said she sees an opportunity to use online tools to reach more people. Still, "we would love to go and be able to teach in people's houses." She and King went to the home of the family they have been teaching to share the sacrament, while social distancing.

"Finding and teaching people online is really effective," Nielson said, "but we also think there's a personal touch, too, of meeting people" and having them come to church when things open up more.

The virus forced church officials to scramble for flights to get missionaries home from far-flung countries like Ethiopia, Australia and Vietnam. But Nielson said the church never wavered in keeping the missionary program going.

It shows the importance the church places on sharing its gospel and giving young people the chance to fulfill an important rite of passage.

About 5,000 missionaries who were brought home have been sent out again in the United States. Thousands more are heading out soon. The church gave them the option to wait a year, but the large majority chose to start again now, Nielson said. ❑

Today we share a wonderful message from **Bryan Meccariello**. He reaches out to us about a fundraising event:

"Bon dia. I've been attending the Facebook live "Friday Nights with Frank" weekly fundraising event for Aruba's seniors presented by Fred de Jong (Aruba Sinatra Shows Entertainment) for the past several weeks. I'm not sure if this fundraising event is publicly known by his fellow Arubans on the island, but he's doing this to help them while keeping visitors (like me) connected to your beautiful island that we love and miss. I just wanted you to know how we feel. Danki."

We thank Bryan for sharing this with us and also for supporting a good cause. Are you searching for things to do while staying safe at home and maybe also help the people of Aruba awhile you are at it? Then please join the one and only Fred de Jong A.K.A. Aruba Sinatra every Friday at 7:30pm for his weekly Live Facebook Fundraising Show from his Home. (https://www.facebook.com/ArubaSinatraShows/live). Do you love Aruba as your vacation island and do you want to do something and give back to the Aruban people who have always served you on your trips? Well, this is your chance to help the ones who need it the most during this total shutdown with COVID-19. All proceeds raised will go to food banks and warm meals for vulnerable groups in Aruba as they wait to see us again once the Island reopens. Fred's goal is to find people who are willing to contribute to the CEDE Foundation. The money will help the vulnerable people in Aruba survive and Aruba Sinatra will continue to bring you beautiful music from the American Songbook. This show is for all ages and admission is free.❑

The Caribbean Public Health Agency (CARPHA):

World Environment Day's theme: Biodiversity

PORT-OF-SPAIN, TRINIDAD AND TOBAGO —The Caribbean Public Health Agency (CARPHA) recognizes World Environment Day as a time to call to action all governments and citizens of CARPHA Member States to do their part to safeguard Caribbean Biodiversity through: legislation and enforcement, sustainable development, an end to all types of pollution, use of best practices in agriculture, manufacturing, and solid waste management and better education and awareness of its citizens on the importance of Caribbean Biodiversity and how every citizen can participate in reducing ecosystem and biodiversity loss.

World Environment Day 2020 (June 5th): Biodiversity

World Environment Day 2020 is observed globally aims to increase awareness, care and support for the Earth and the environment. This year's theme Biodiversity is a call to action to stop the loss of species and degradation of the natural world, both of which are accelerating. Inger Andersen, Executive Director of the UNEP emphasized that "…World Environment Day is a powerful platform to accelerate, amplify and engage people, communities and governments around the world to take action on critical environmental challenges facing the planet…"

What is biodiversity?

Biodiversity is the variety of living things within an ecosystem or habitat (land, freshwater, ocean) that compose life on Earth and encompasses all species on the planet from fungi and bacteria to plants and animals, their ecosystems and the genetic diversity found in them.

What is the state of biodiversity in the Caribbean?

While ecosystems provide critical support to the wellbeing and development of the Caribbean, they are under threat by human activities. Over 75% of Caribbean coral reefs are considered to be under threat, and over 30% are classified as either highly or very highly threatened (UNEP, 2016). The rates of mangrove loss in the Caribbean are among the highest in the world.

Importance of biodiversity in the Caribbean region

The Caribbean Region is one of the world's top biodiversity hotspots - possessing rich endemic species that are under severe and increasing threat. A healthy ecosystem has a rich biodiversity and is important in sustaining the lives of Caribbean people including cleaning the air, purifying water, providing food, shelter, natural medicines/raw materials, recreation, fuel, climate resilience and storm protection. Additionally, healthy Caribbean ecosystems provide critical services that support local, regional economies and livelihoods (agriculture, tourism) and offer cost-efficient climate change solutions.

Biodiversity and the tourism industry

In the Caribbean, the tourism industry represents one of the main drivers of regional economies, thus island biodiversity, marine and coastal biodiversity, forests, and invasive species (lion fish, sargassum), are crucial issues that need to be taken into consideration by the tourism sector. Biodiversity is essential for the continued development of the tourism industry with respect to its role in creating national parks, sanctuaries and reserves, as well as helping to conserve animal species and ecosystems.

What contributes to the loss of biodiversity in the Caribbean?

Ecosystems and the biodiversity they support are vulnerable. Losses in ecosystems and biodiversity in the Caribbean result from:

- Habitat destruction and fragmentation (deforestation) due to demand for food, urbanization, commercial development, and expansion of agriculture and tourism
- Exploitation of plants and animals through overfishing, illegal logging, over harvesting
- Climate change with increased severity of droughts and hurricane intensity, ocean warming and acidification
- Pollution from domestic sewage, solid waste, chemical industries, poor agricultural practices, manufacturing (beverage, paper, pulp), food processing, oil refineries, sugar factories and distilleries. These can have devastating effects on freshwater and marine habitats
- Invasive alien species - prey on and compete with native species for resources and pose a threat to human health (increase in the spread of diseases/viruses), food security and economic development.

Is there a link between COVID-19 disease and biodiversity?

The COVID-19 pandemic is a reminder of the close relationship between humans and the health of the environment. Scientists have indicated that to prevent future outbreaks of zoonosis like COVID-19 (diseases transferred from animals to humans), we must address the threats of loss of habitat (deforestation) and fragmentation of ecosystems. Pathogens thrive in the presence of such changes to the environment and also when ecosystems are under stress from human activity and climate change.

The Caribbean Public Health Agency (CARPHA) is the CARICOM agency with responsibility for the delivery of public health in the Caribbean Region.
The Agency became operational in January 2013 and represents an amalgamation of five Regional health institutions each having over 30 years of experience operating in the Caribbean. CARPHA Member States include a number of vulnerable Small Island Developing States (SIDS) and low-lying coastal states.
These SIDS face significant challenges to their sustainable development as a result of climate change, natural and environmental disasters and other global threats.
The Environmental Health and Sustainable Development Department (EHSD) of CARPHA leads the environmental protection and natural resources management initiatives and functions as the link between public health and the environment.❑
